

GOLF BALL FITTING

LOWER YOUR SCORE WITH THE BEST GOLF BALL FOR YOUR GAME

ON COURSE EVALUATION SCORECARD

THE TITLEIST APPROACH

- Titleist Performance Golf Ball Fitting focuses on lowering your score
- The best place to determine the best golf ball for your game is on the golf course
- Golf ball fitting is best conducted from green-to-tee considering all of your shots
- All Titleist golf balls are long
- Most scoring opportunities are created by shots to the green

GOLF SHOTS PER ROUND AVERAGE SCORE				
	PAR	80	90	100
SHOTS ON THE GREEN	<36	36	>36	>36
SHOTS TO THE GREEN	>22	>30	>40	>50
SHOTS WITH THE DRIVER	14	14	14+	14+

GETTING STARTED

- Use a Titleist Golf Ball Selection Tool to find the two Titleist golf ball models best suited for your game
- Take the two golf balls to the golf course for the on course evaluation process - be sure to execute all shots using both models
- Use the chart to the right to track which golf ball performs best for each type of shot

KEY CONSIDERATIONS WHEN COMPARING:

- Score
- Proximity to the pin
- Greens hit
- Fairways hit
- Feel preference
